# Ułożenie tkanin na roletach duolight wiszących obok siebie - dotyczy wszystkich systemów

## Równe długości systemu (standard)

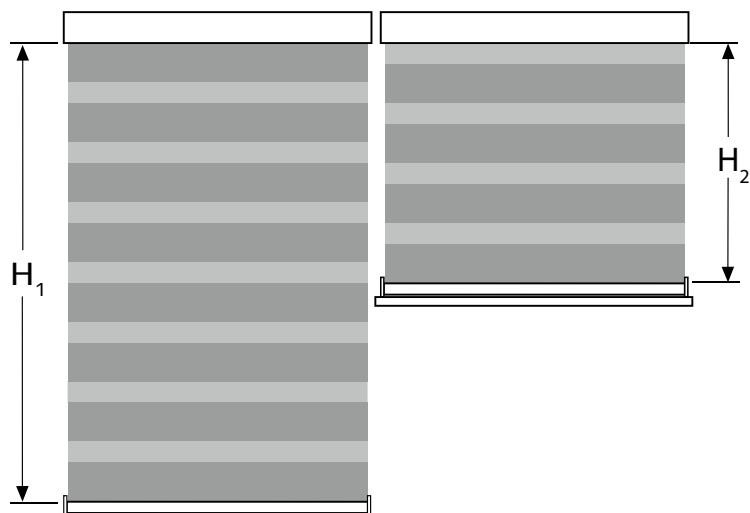

Po pełnym opuszczeniu obie rolety są w pozycji zamkniętej.

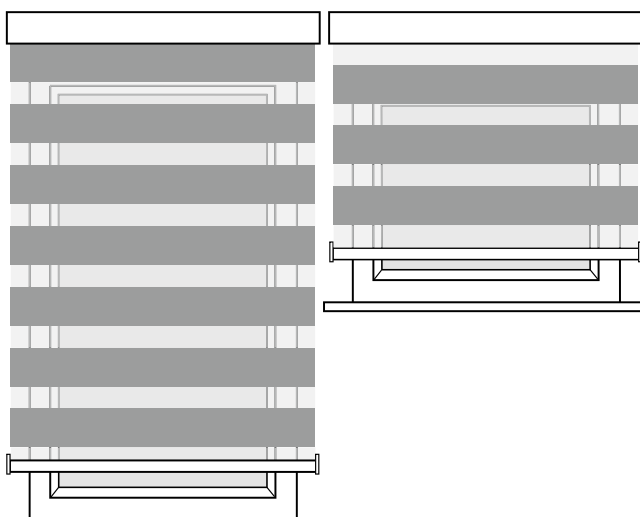

W pozycji otwartej paski tkaniny są na tej samej wysokości.

## Różne długości systemu (standard)

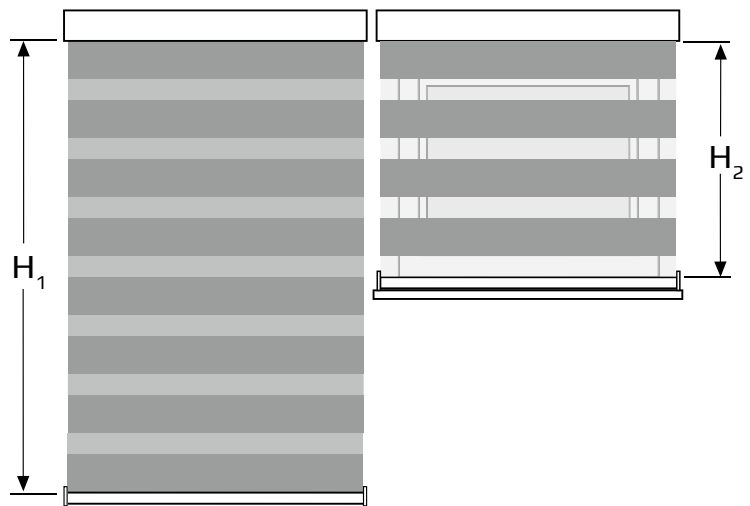

Po pełnym opuszczeniu obie rolety są w pozycji zamkniętej.

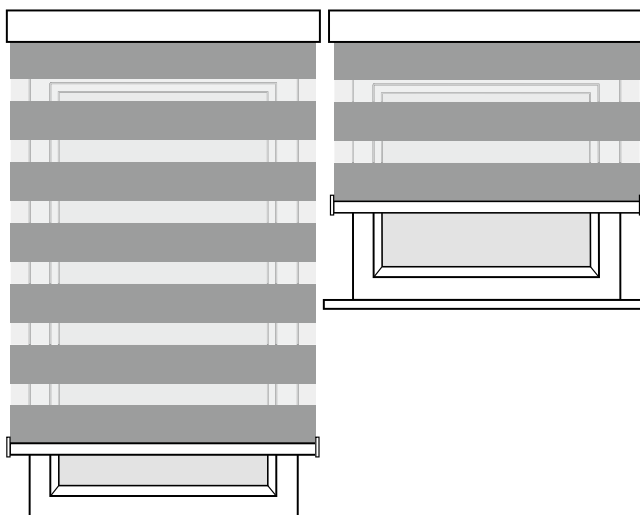

W pozycji otwartej paski tkaniny **nie** są na tej samej wysokości.

## Różne długości systemu (opcja)

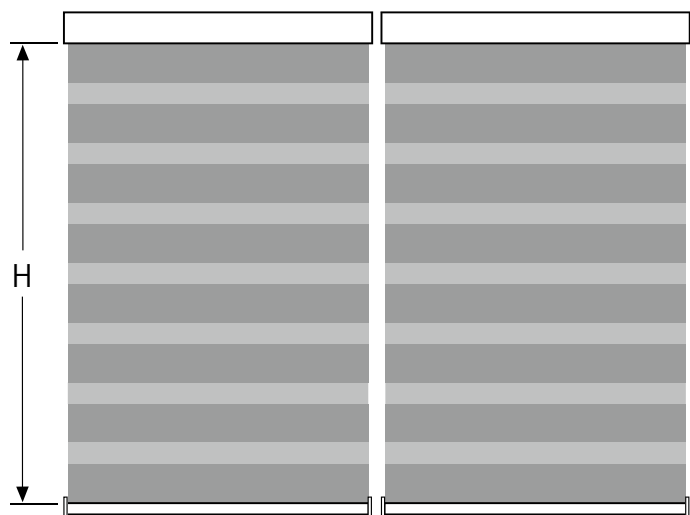

Po pełnym opuszczeniu jedna z rolet jest w pozycji zamkniętej, możliwy wybór.

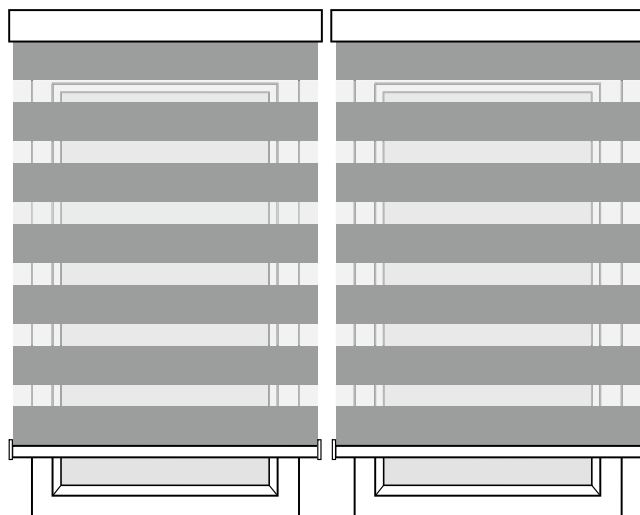

W pozycji otwartej paski tkaniny są na tej samej wysokości.

# Duolight fabrics positioning within side by side installed systems - applies to all Duolight systems

## Equal system heights (standard delivery)

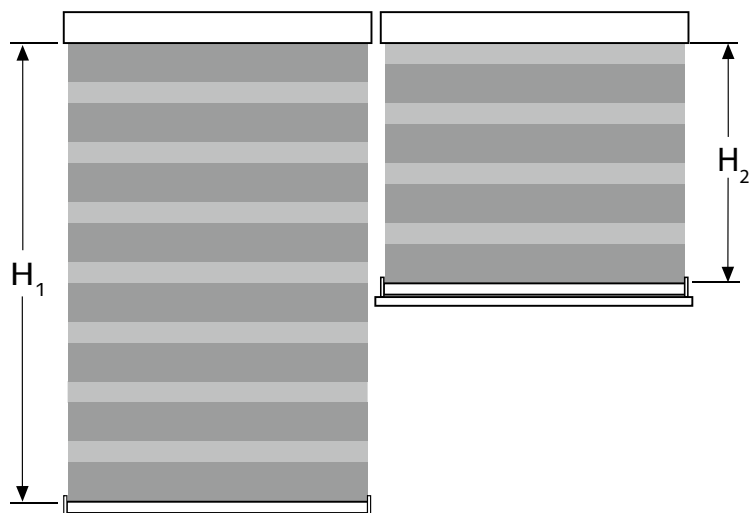

When the order height is reached each system is closed.

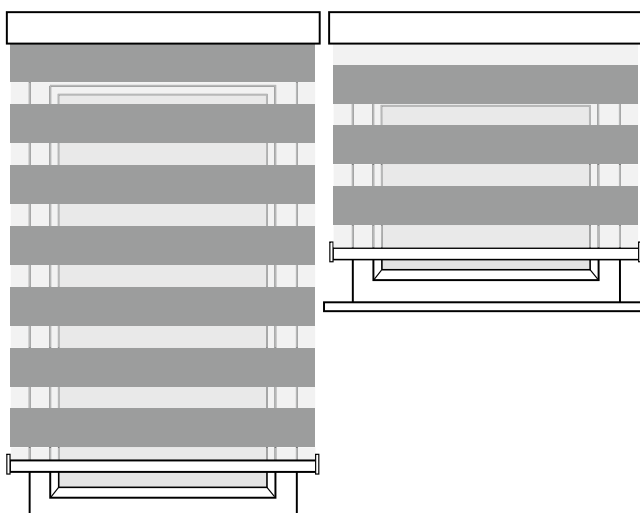

In the opened state, the fabrics are positioned at the same height.

## Different system heights (standard delivery)

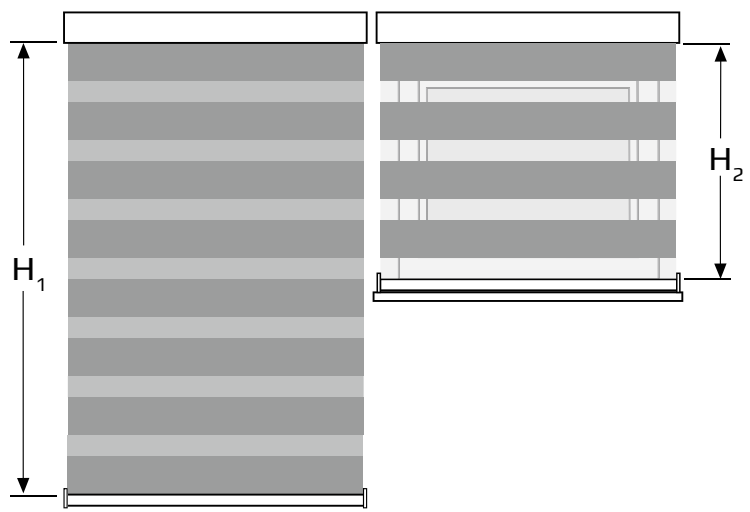

When the order height is reached each system is closed.

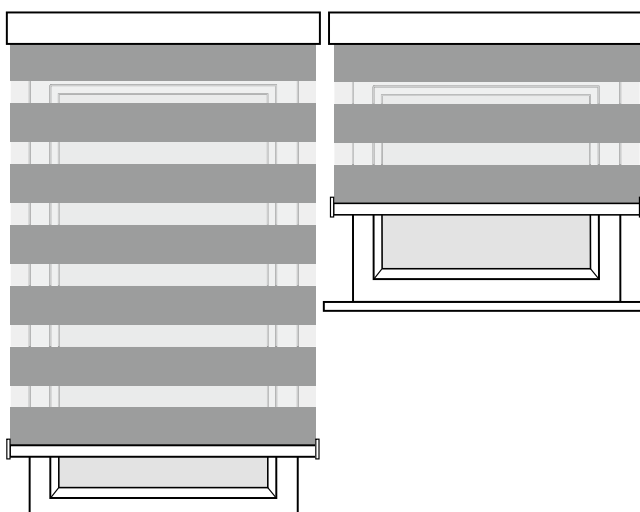

In the opened state, the fabrics are not positioned at the same height.

## Different system heights (alternative delivery)

When the order height is reached one system is closed. Please specify which.

In the opened state, the fabrics are positioned at the same height.
